With its high quality and original design, JUJU took the bold step of fusing fashion and fine jewelry for both women & men and presented its bronze jewelry to the World. It immediately found its following with the fashion elite all over the Globe.

In 2022, JUJU embarked on a new journey and introduced its 14k and 18k gold and diamond collection, called 'A Midsummer Night's Breeze'. The collection, exploring the strength of simplistic, chic shapes with the reputable JUJU twist, became popular in a short period of time.
